## PROJECTS

### BuildLink – Construction & Trades Networking Platform

- A modern React + Tailwind CSS web platform that connects builders, plumbers, electricians, and other skilled professionals to clients and job opportunities.
- Designed a clean, intuitive interface with job listings and category filters for easy access.
- Focused on scalability, user experience, and responsive design across devices.

### Superfert Website Redesign

- Redesigned the company website to improve UI consistency, responsiveness, and visual appeal.
- Applied UX principles to simplify navigation and optimize page layouts for better engagement.
